

Dear colleagues,

All-Russian scientific seminar with international collaborations “Exploring Models of Key Pedagogical Competences for Research and Teaching Staff within the Context of University Internationalisation” will take place on TPU premises on 26-28 April 2018 in Tomsk, Russia.

You are welcome to submit your university best practices in EMI, university curricula internationalisation, educational technologies and teaching in multicultural groups of learners. Join us as a participant during educational visits to the university divisions.

[Please follow the link to register](#)

Looking forward to meeting you in Tomsk in 2018!
