# **DESCRIPTIVE GEOMETRY AND ENGINEERING GRAPHICS**

## **Bank of tasks of graphic works**

**TOMSK 2013**

# Graphic work №1 "Title page"

Write words GRAPHIC WORKS font 10, capital letters. Arrange an inscription in the center of a sheet, in the sizes specified on a sample

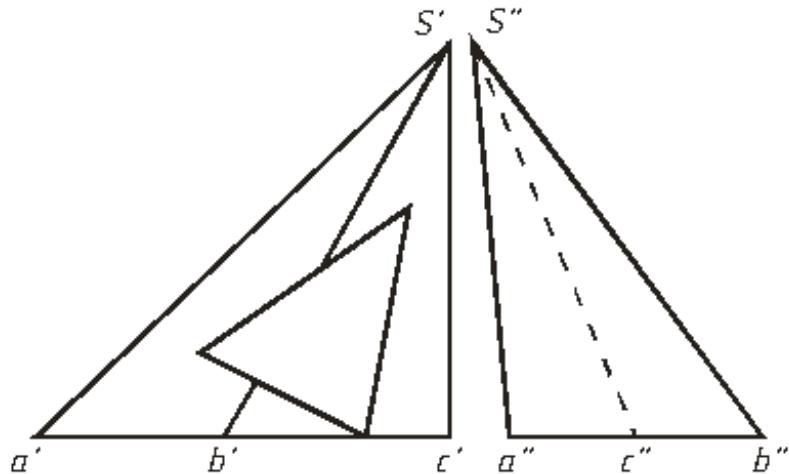

# **Graphic work № 2, 3**

## **«Bodies with an aperture»**

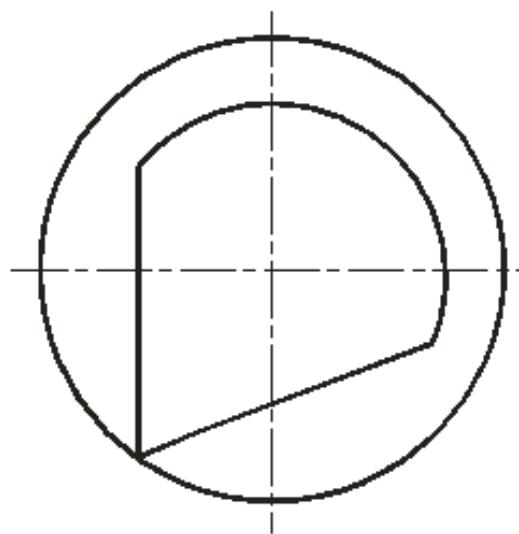

Task: Construct three projections of a polyhedron and a surface of rotation with an aperture.

### **Variant 1**

1.

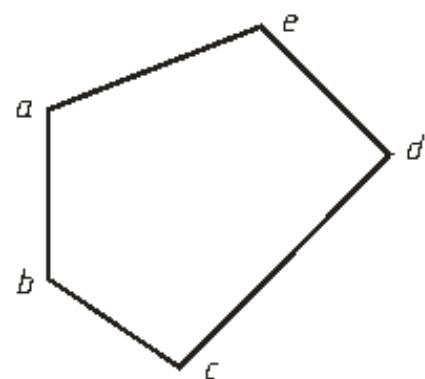

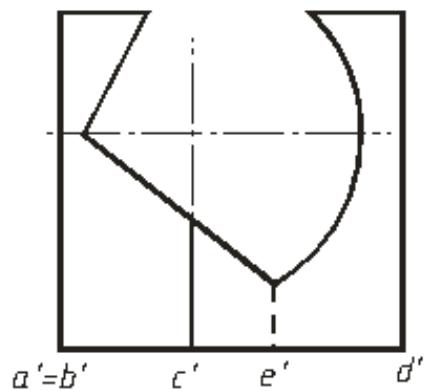

2.

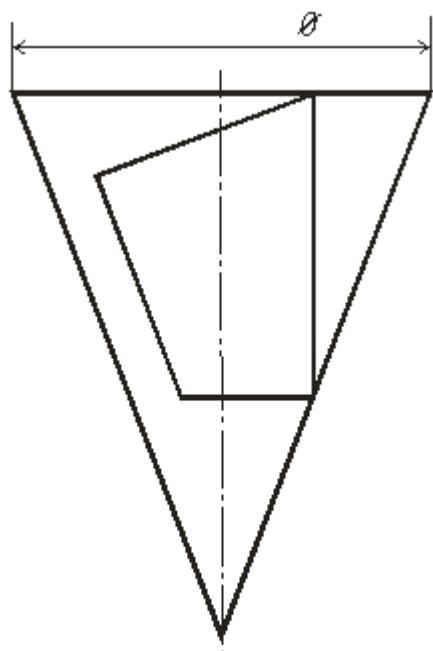

## Variant 2

1.

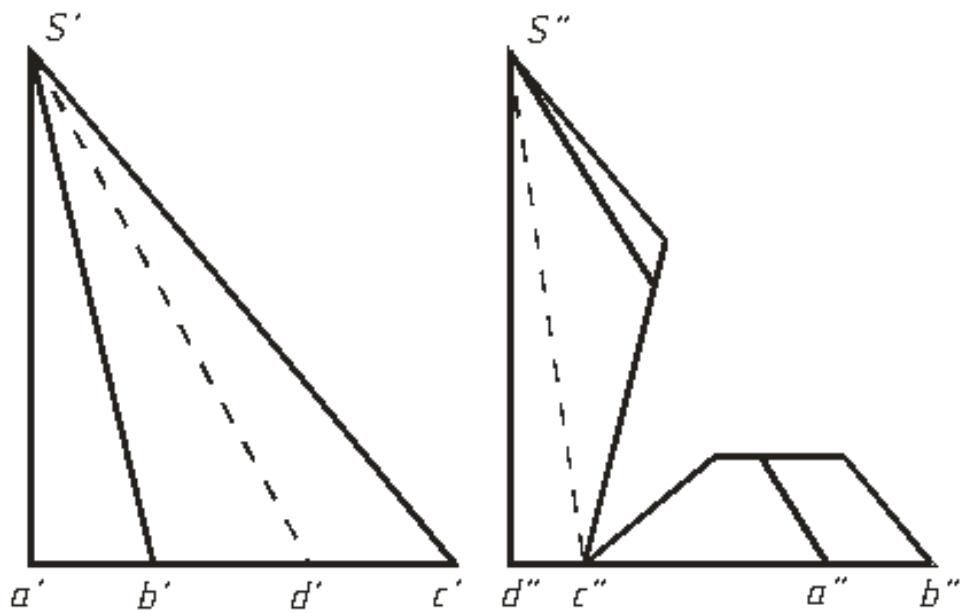

2.

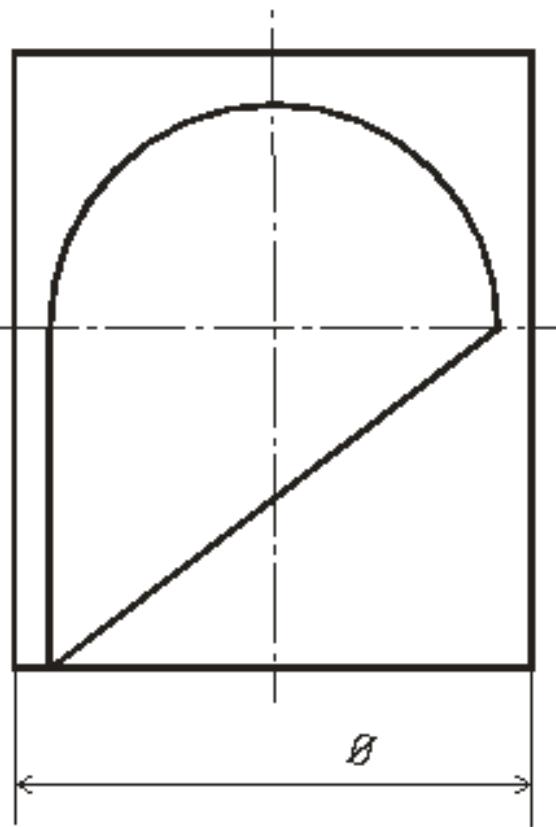

### Variant 3

1.

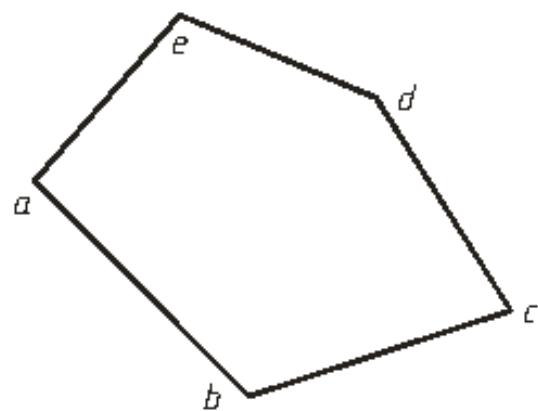

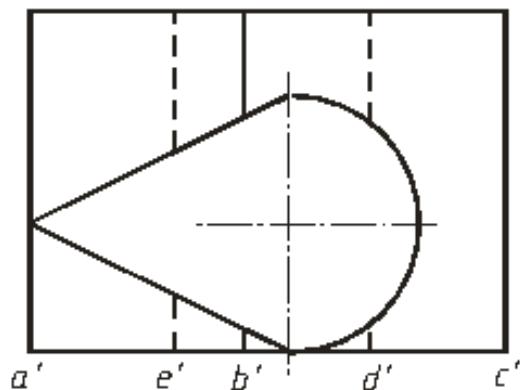

2.

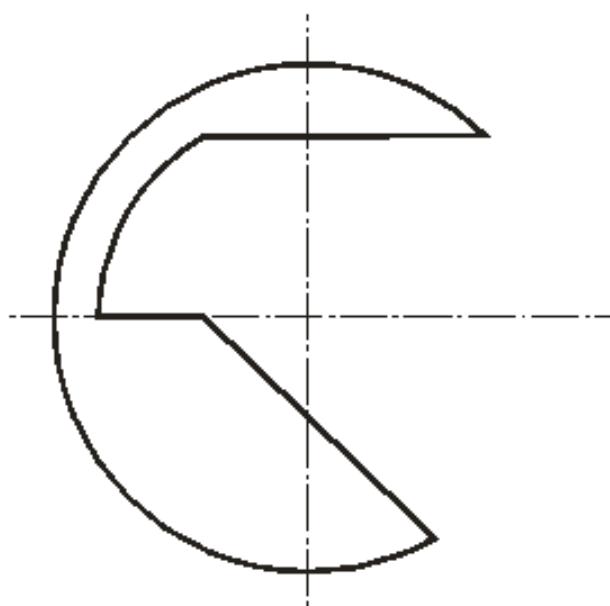

## Variant 4

1.

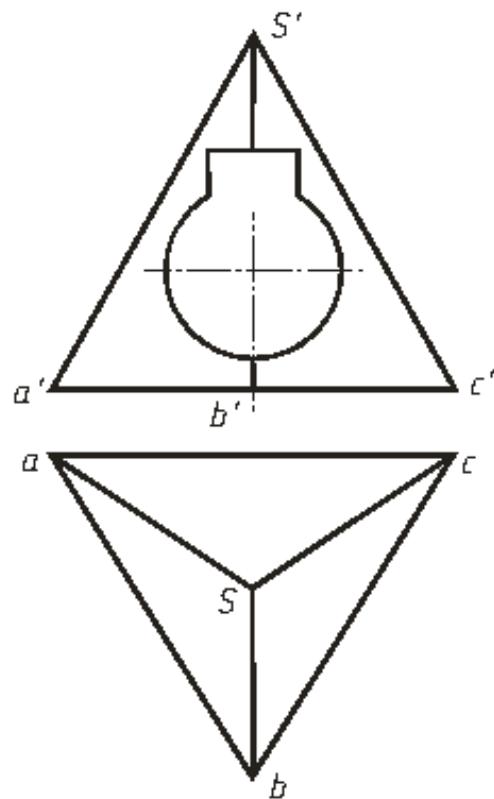

2.

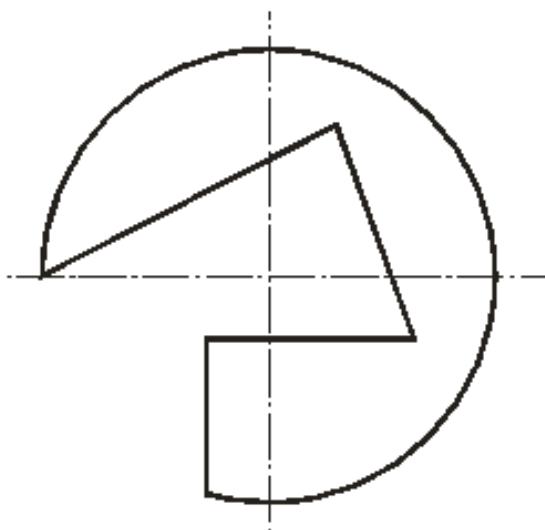

## Variant 5

1.

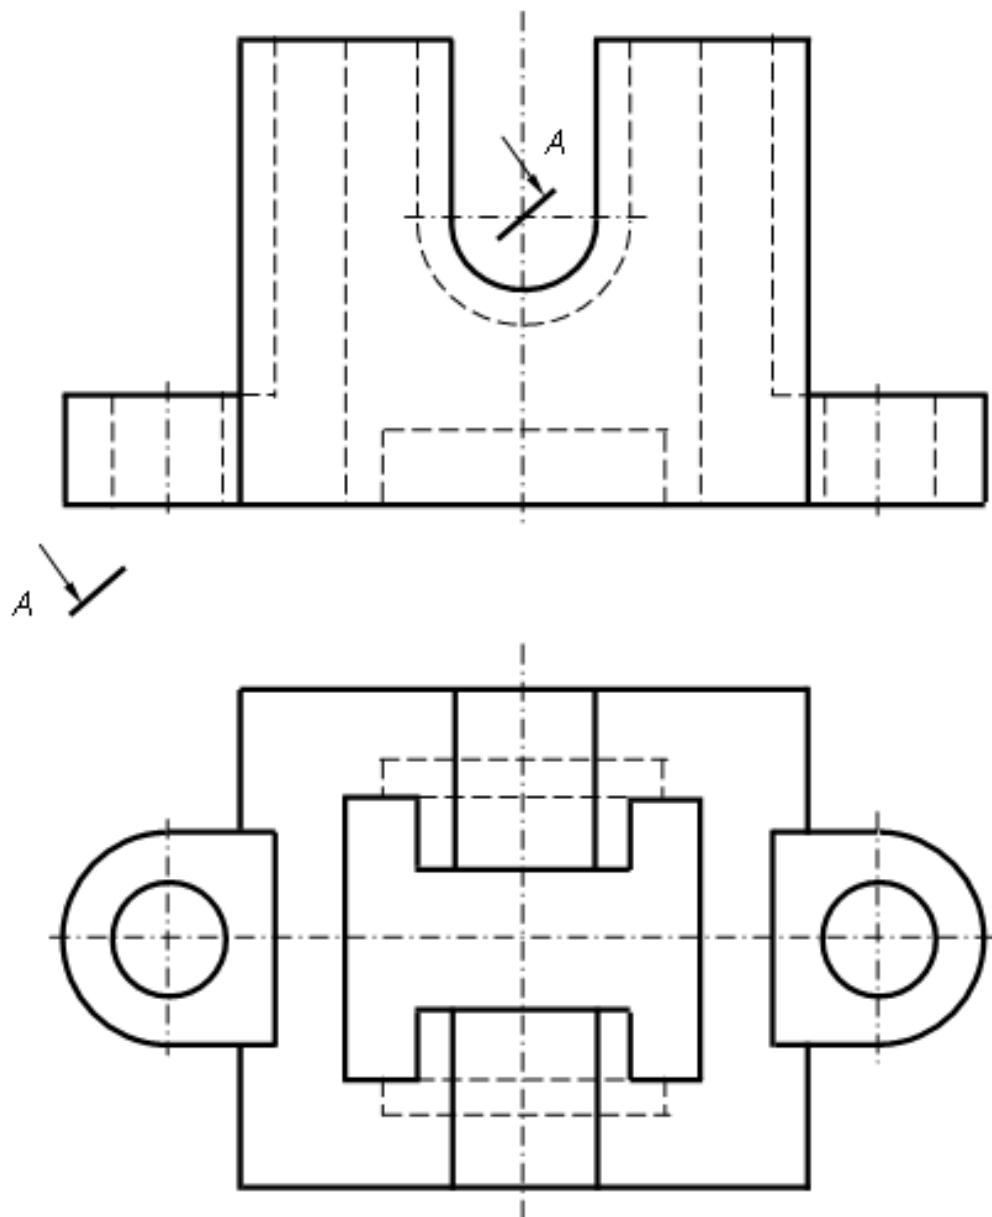

2.

# Graphic work № 4

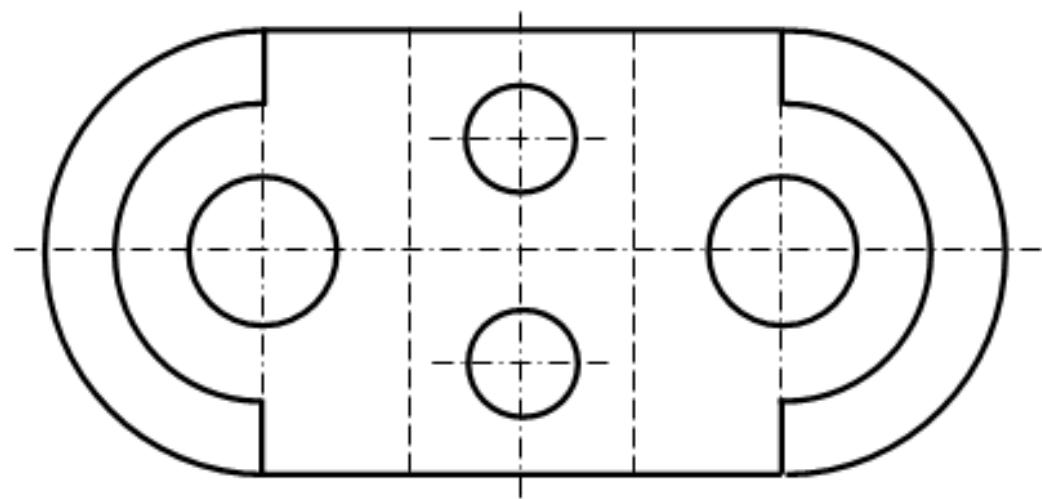

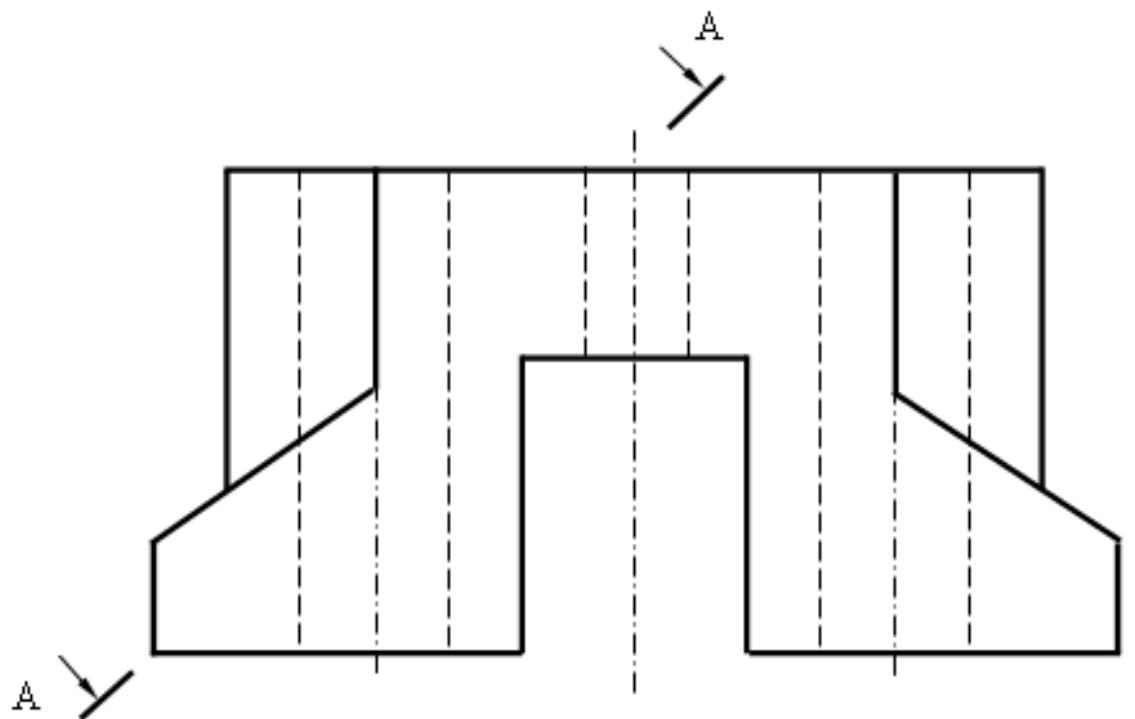

## Variant 1

On two given, construct three images of a detail, execute rational sections, put the sizes. Construct sections of a detail the set inclined plane. Construct isometric of a detail.

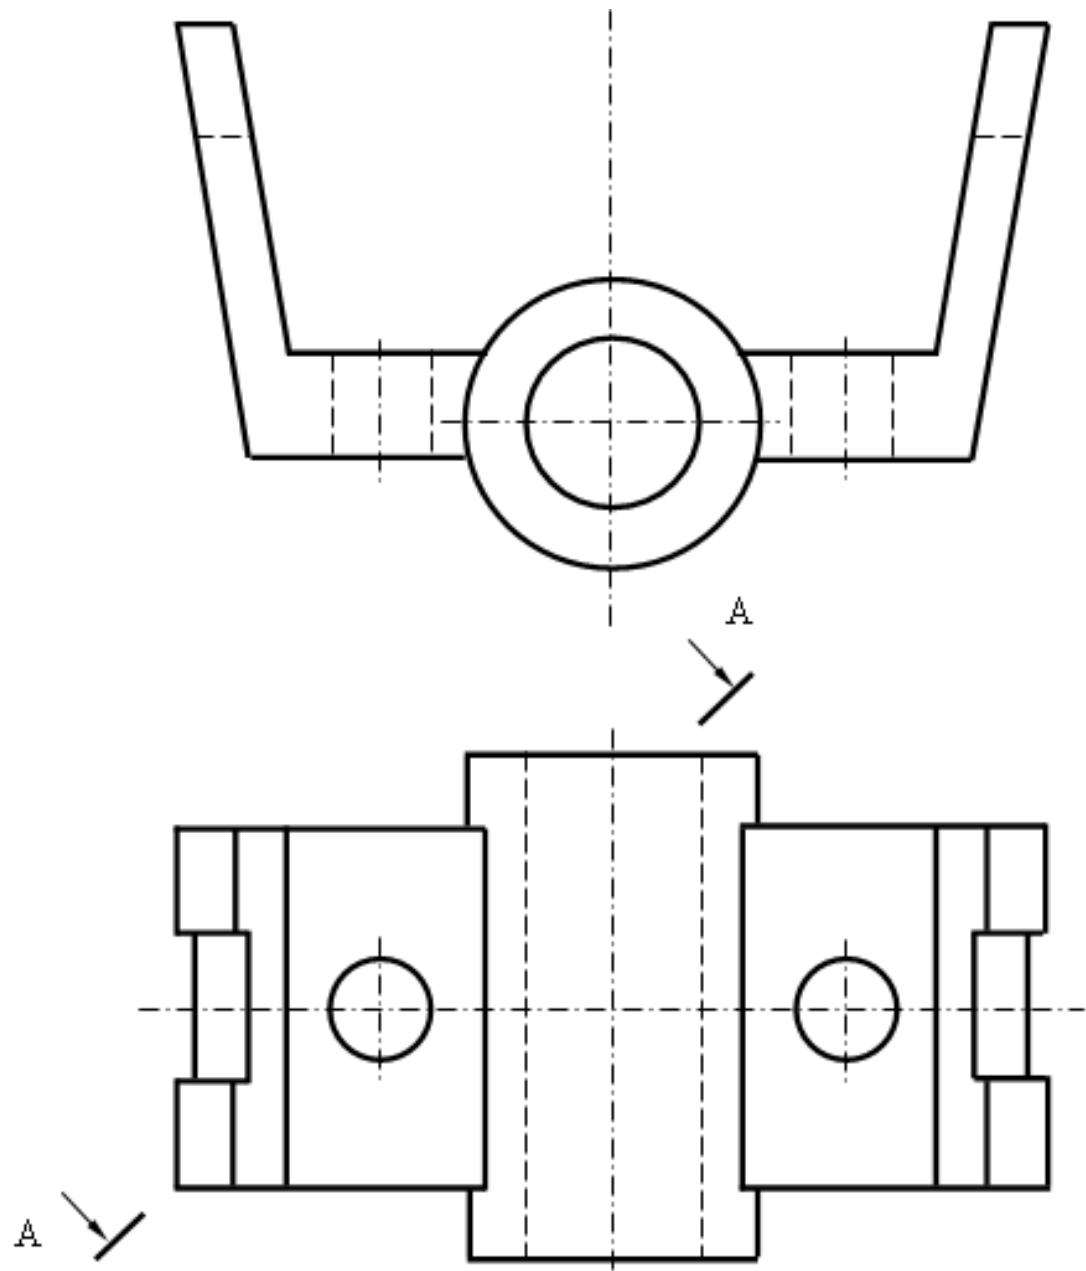

## Variant 2

On two given, construct three images of a detail, execute rational sections, put the sizes. Construct sections of a detail the set inclined plane. Construct isometric of a detail.

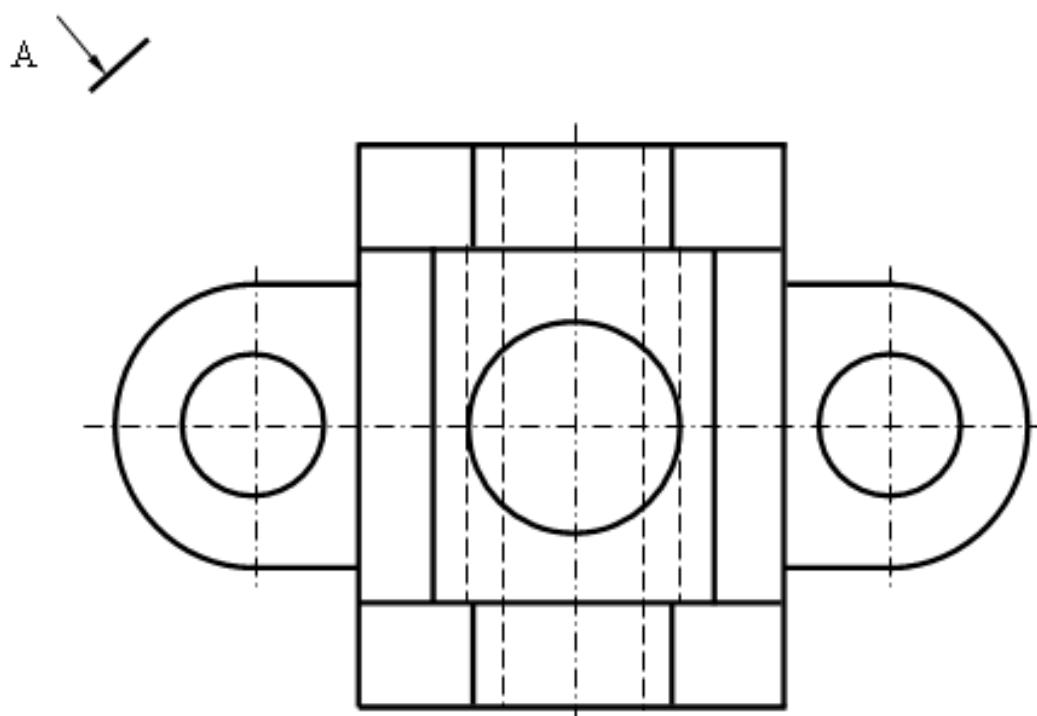

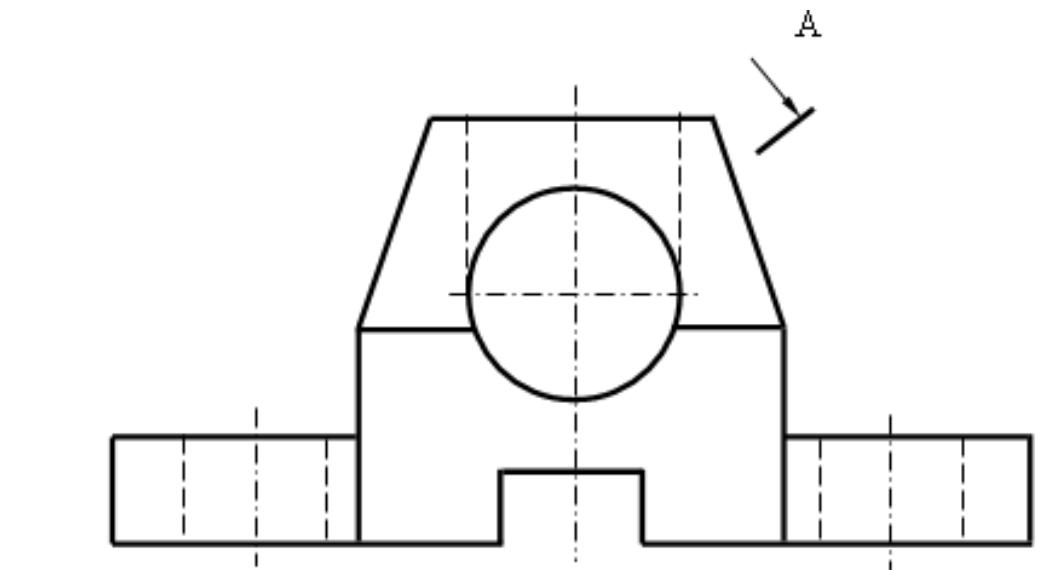

### Variant 3

On two given, construct three images of a detail, execute rational sections, put the sizes. Construct sections of a detail the set inclined plane. Construct isometric of a detail.

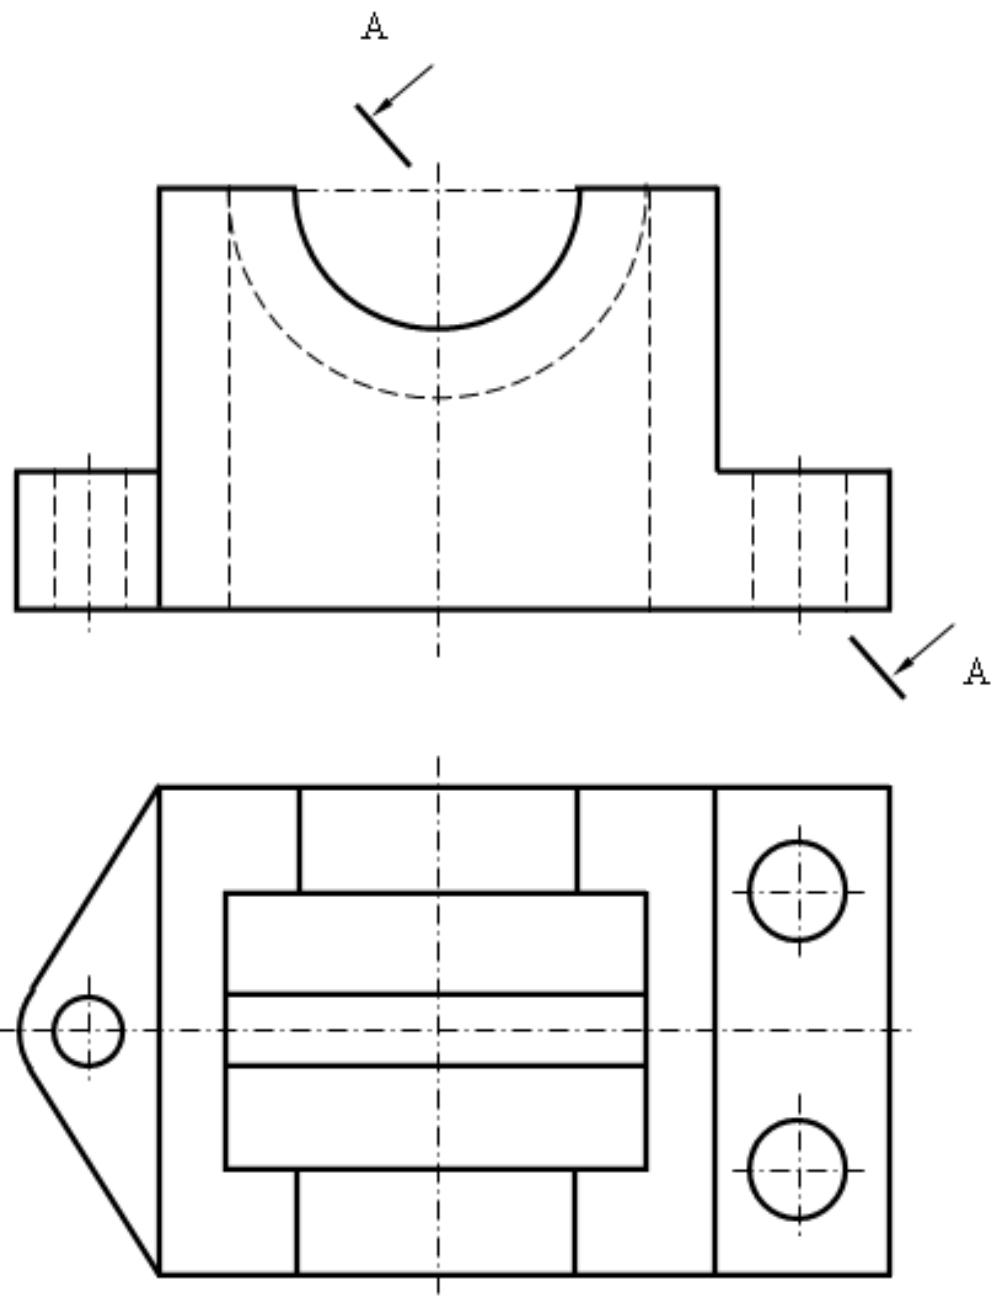

## Variant 4

On two given, construct three images of a detail, execute rational sections, put the sizes. Construct sections of a detail the set inclined plane. Construc isometric of a detail.

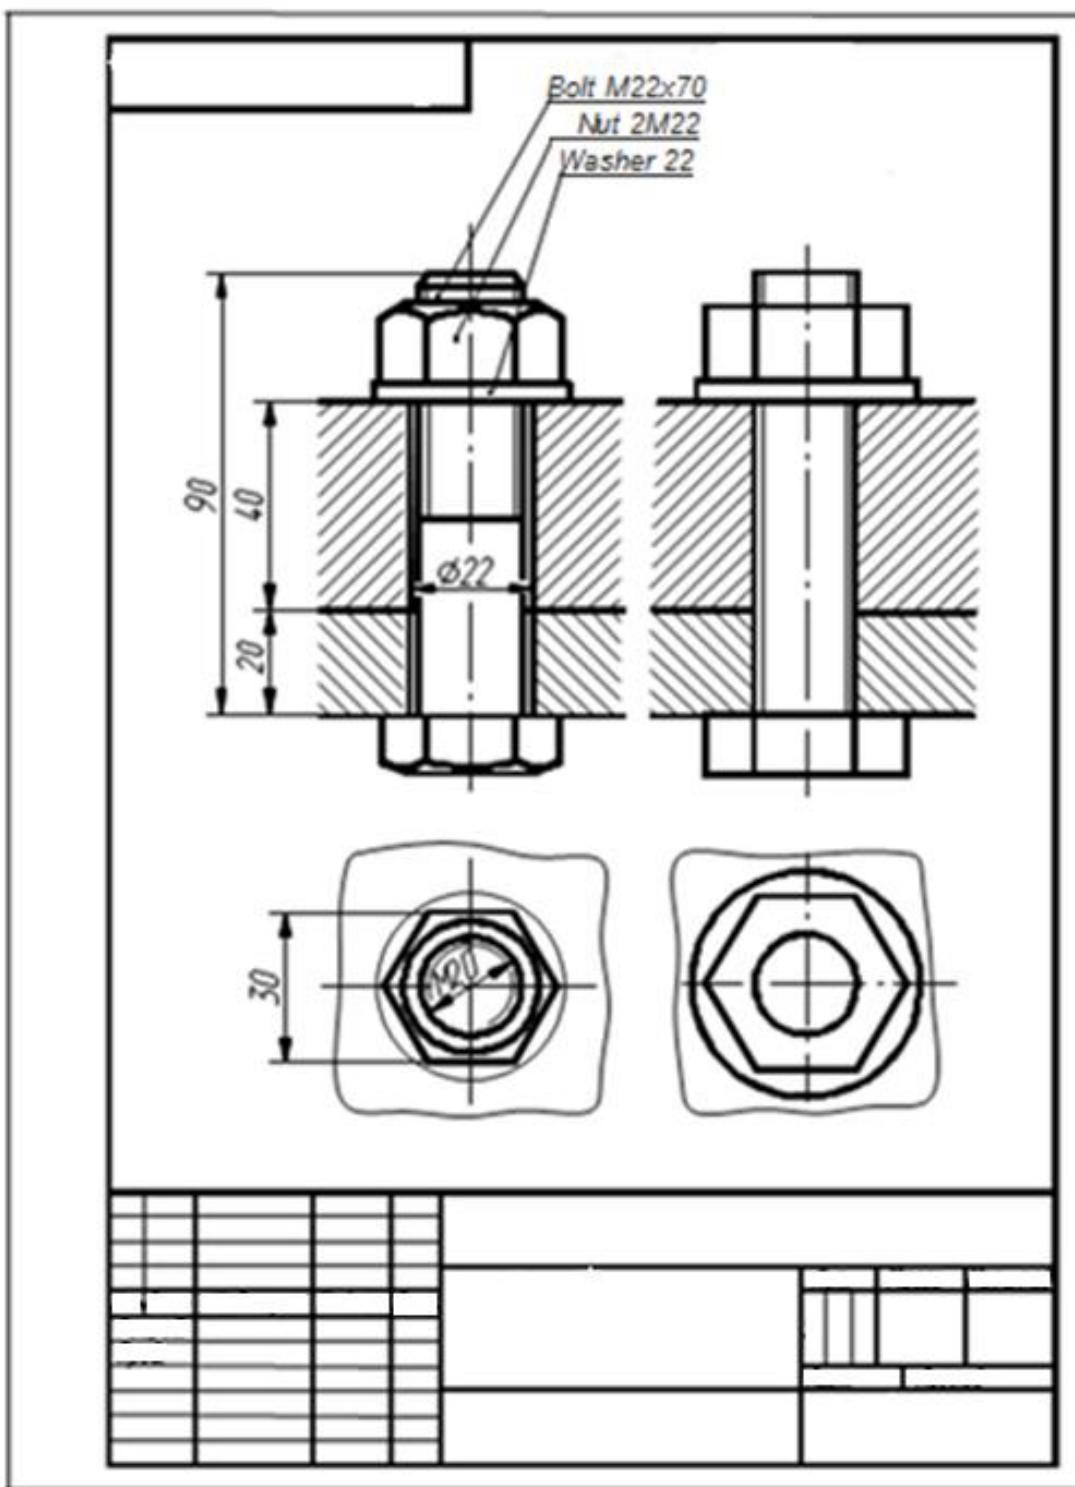

## Variant 5

On two given, construct three images of a detail, execute rational sections, put the sizes. Construct sections of a detail the set inclined plane. Construct isometric of a detail.

# Graphic work № 5

Construct the drawing of connection by a bolt.

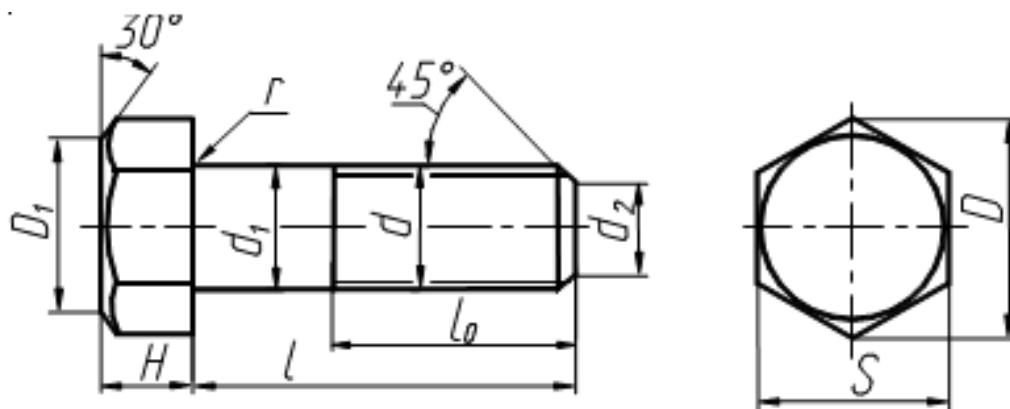

## Data to task

Table 1

| Variant | Diameter<br>of thread, $d$ | Pitch of<br>thread, $p$ | Thickness of details<br>jointed |       | Variants |         |
|---------|----------------------------|-------------------------|---------------------------------|-------|----------|---------|
|         |                            |                         | $l_1$                           | $l_2$ | Nuts     | Washers |
| 1       | 8                          | 1,25                    | 20                              | 14    | 2        | 2       |
| 2       | 10                         | 1,5                     | 16                              | 16    | 1        | 1       |
| 3       | 12                         | 1,75                    | 20                              | 14    | 2        | 1       |
| 4       | 16                         | 2                       | 24                              | 15    | 2        | 2       |
| 5       | 20                         | 2,5                     | 25                              | 20    | 1        | 1       |

Table 2

|                                      |                         |      |      |      |      |      |      |          |

Variant 1

Variant 2

# Graphic work № 6

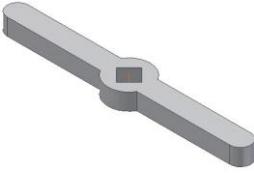

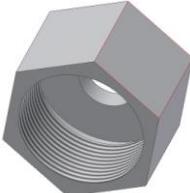

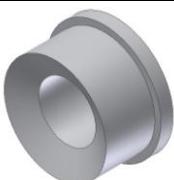

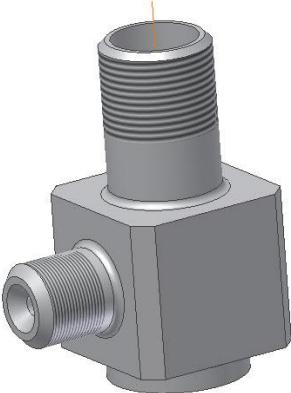

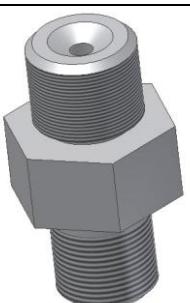

Construct sketches of details, an assembly drawing, make the specification.

## Variant 1

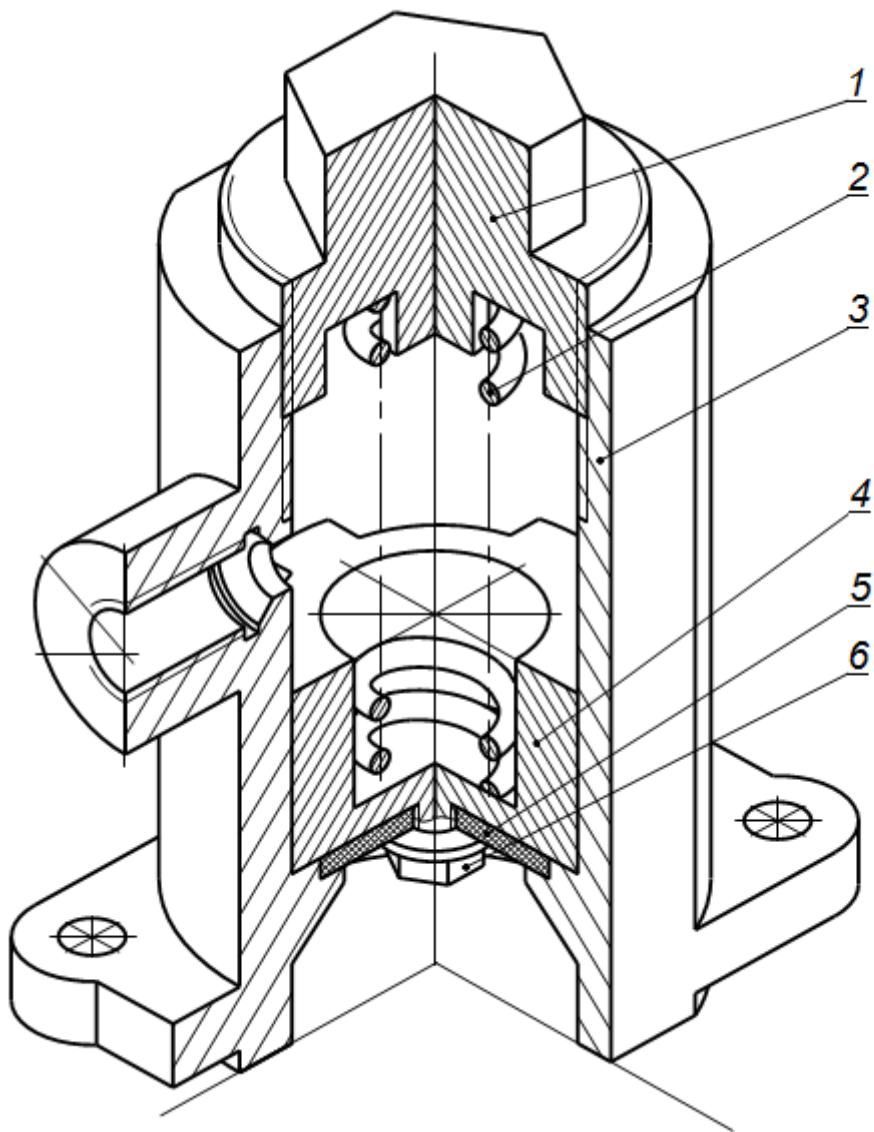

## Angle valve

1 – Nut M8; 2 – Washers 8; 3 – Handle; 4 – Captive nut; 5 – Press bushing; 6 – Insert; 7 – Housing; 8 – Spindle; 9 – Union; 10 – Insert.

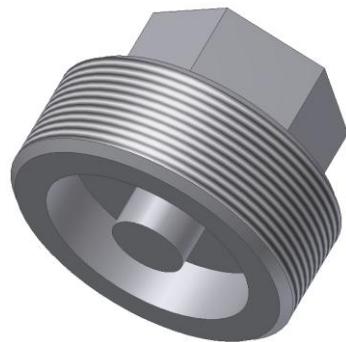

|   |                      |                 |
|---|----------------------|-----------------|
|    | <i>Handle</i>        | Steel<br>(St.3) |
|    | <i>Captive nut</i>   | Steel<br>(St.5) |
|    | <i>Press bushing</i> | Steel<br>(St.3) |
|   | <i>Housing</i>       | Steel<br>(St.3) |
|  | <i>Spindle</i>       | Steel<br>(St.3) |
|  | <i>Union</i>         | Steel<br>(St.3) |
| <i>Nut M8</i>   |                      |                 |
| <i>Washers 8</i>  |                      |                 |

## Variant 2

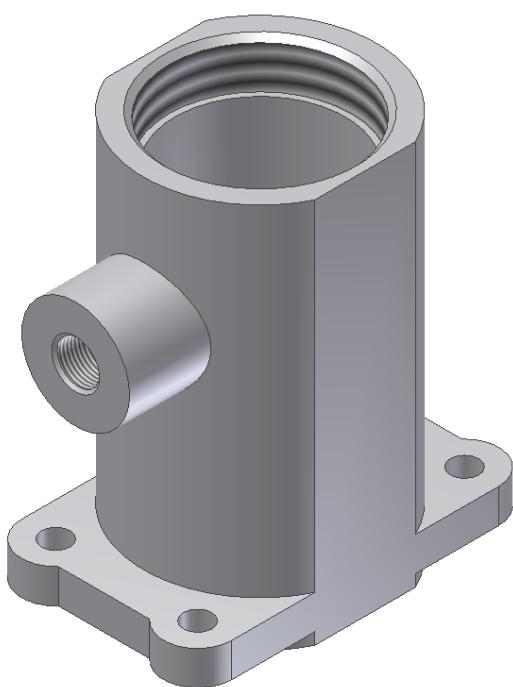

**Angle valve**

1 – Nut; 2 – Spring; 3 – Housing; 4 – Zolotnik; 5 – Insert; 6 – Washers; 7 – Nut M8.

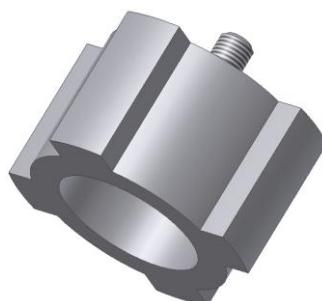

*Nut*

*Steel  
(St.5)*

*Housing*

*Steel  
(St.3)*

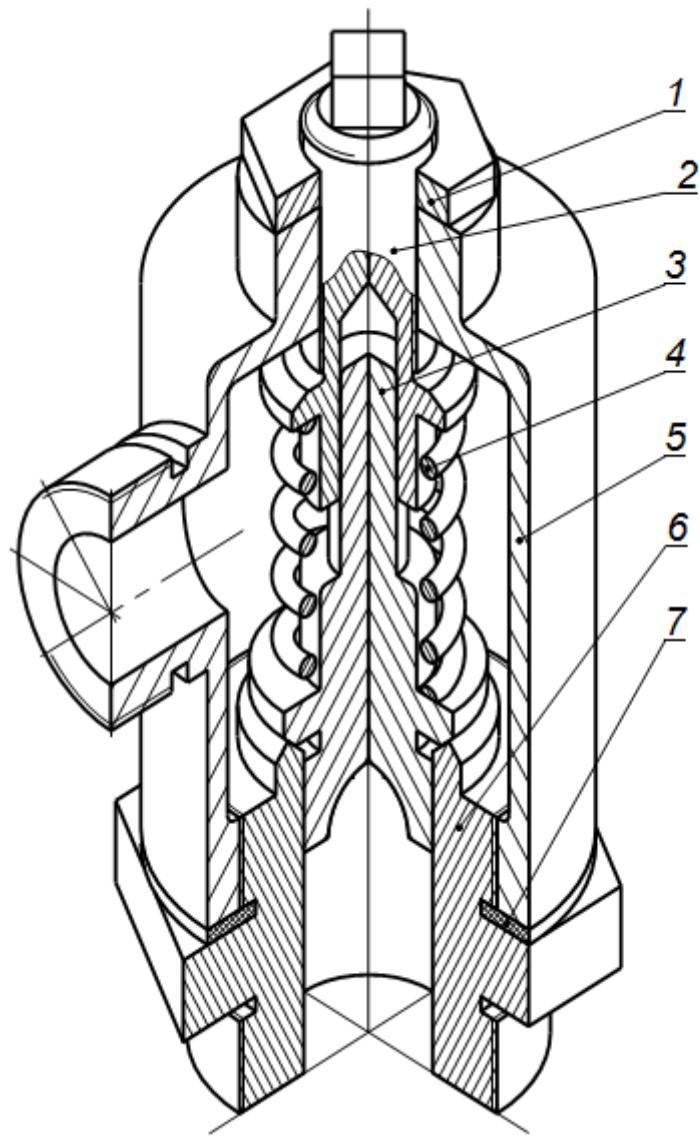

*Zolotnik*

*Steel  
(St.3)*

*Nut M8*

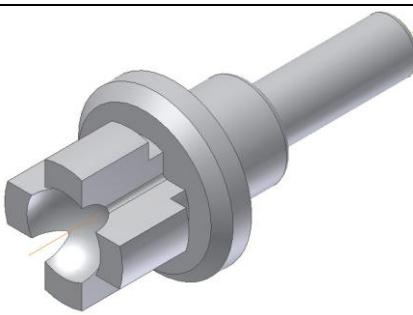

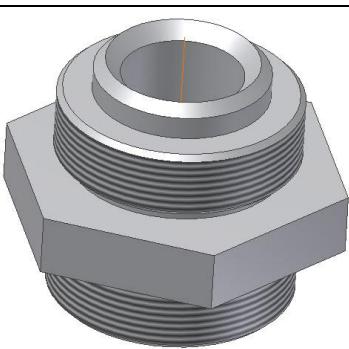

*Washers 8*

## **Variant 3**

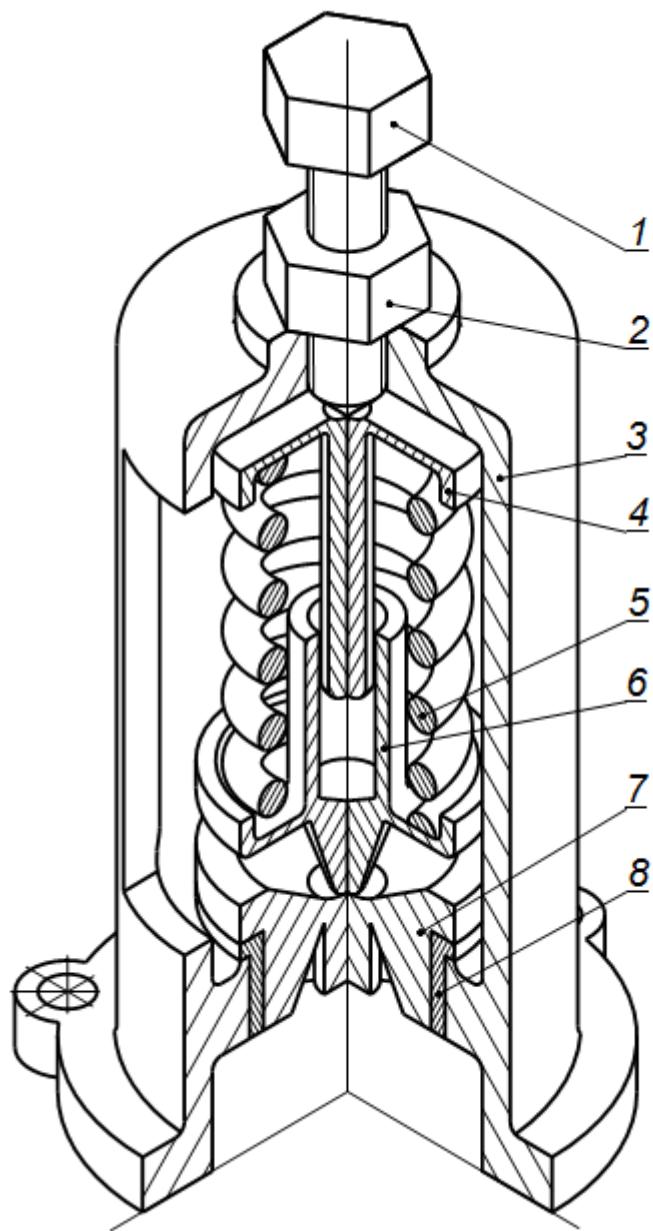

## **Angle valve**

1 – Nut; 2 – Spindle; 3 – Zolotnik; 4 – Spring; 5 – Housing; 6 – Union; 7 – Insert прокладка.

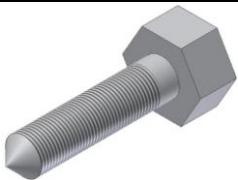

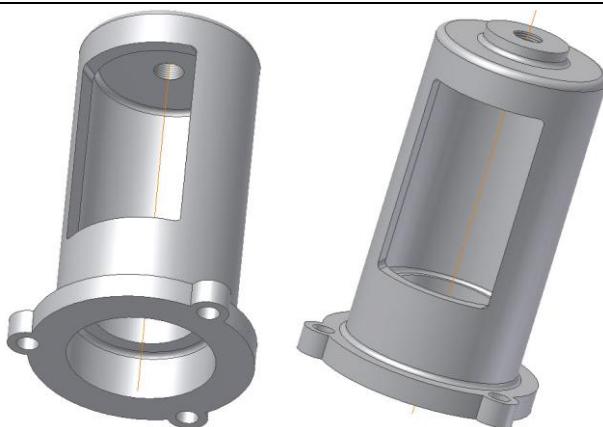

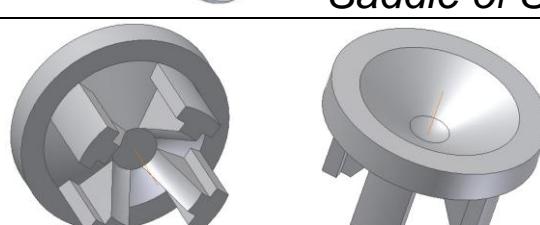

|  |                     |
|--|---------------------|
| <br><i>Nut</i>      | Steel<br>(Steel 10) |
| <br><i>Spindle</i>  | Steel<br>(St.3)     |
| <br><i>Zolotnik</i> | Steel<br>(St.3)     |
| <br><i>Housing</i> | Cast iron           |
| <br><i>Union</i>  | Steel<br>(St.3)     |

## **Variant 4**

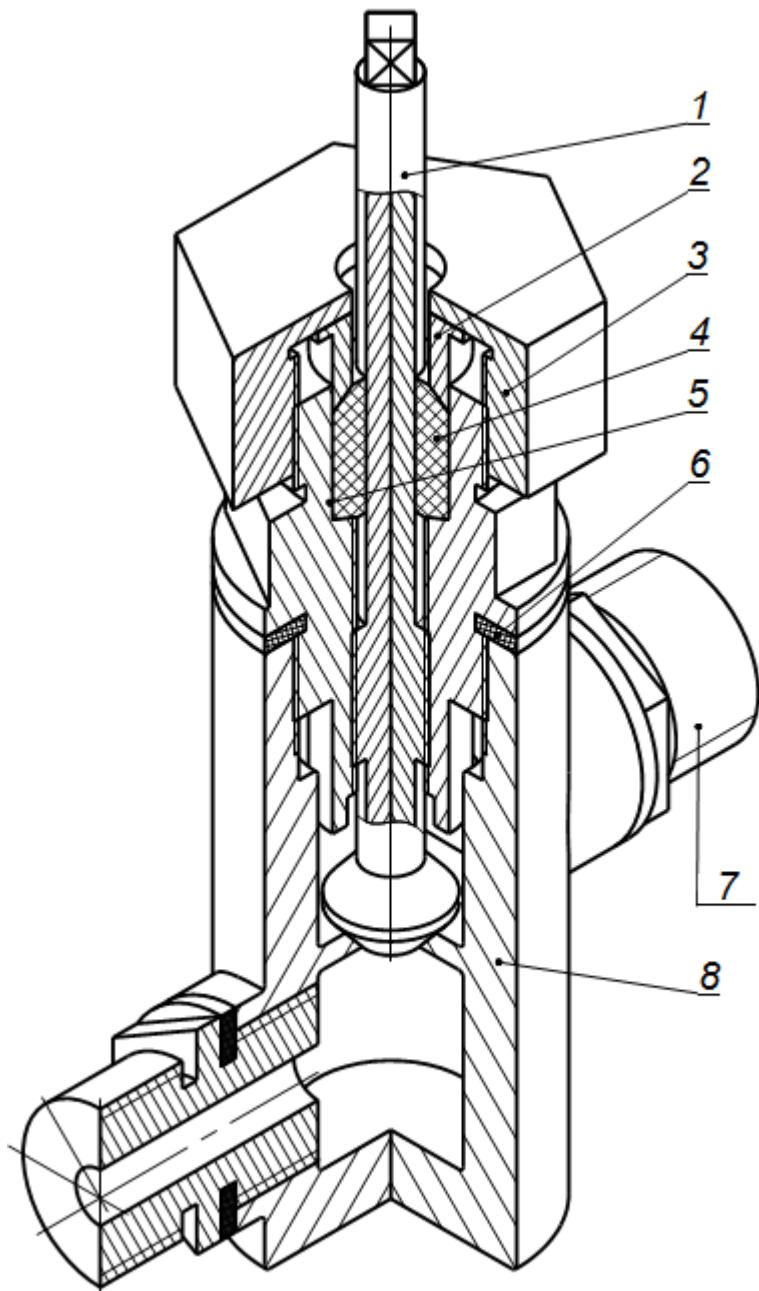

## **Angle valve**

1 – Bolt; 2 – Nut M12; 3 – Housing; 4 – Emphasis; 5 – Spring; 6 – Saddle of Spring; 7 – Zolotnik; 8 – Press bushing.

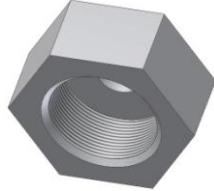

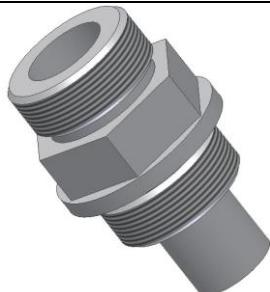

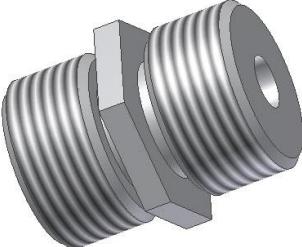

|  |                  |
|--|------------------|
| <br><i>Bolt</i>               | Steel<br>(St.5)  |
| <br><i>Housing</i>            | <i>Cast iron</i> |
| <br><i>Emphasis</i>          | Steel<br>(St.3)  |
| <br><i>Saddle of Spring</i> | Steel<br>(St.3)  |
| <br><i>Zolotnik</i>         | Steel<br>(St.3)  |
| <br><i>Press bushing</i>    | Steel<br>(St.3)  |
| <i>Nut M12</i>   |                  |

## Variant 5

**Angle valve**

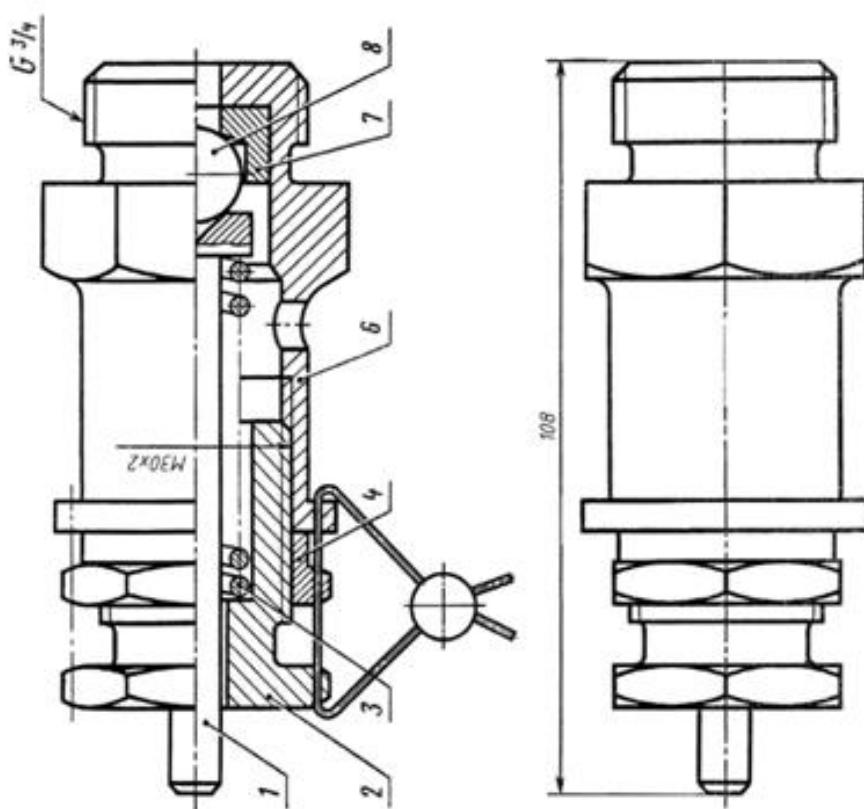

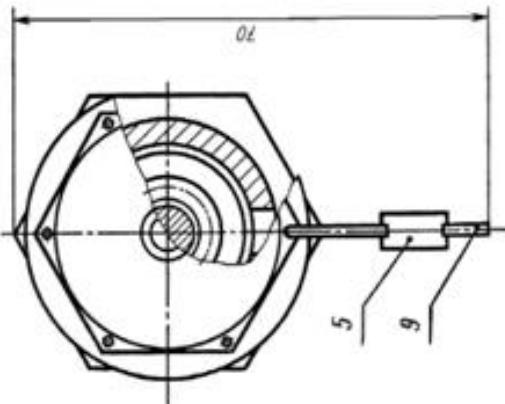

1 – Spindle; 2 – Press bushing; 3 – Nut; 4 – Insert; 5 – Union; 6 – Insert; 7 – Union; 8 – Housing.

|   |                 |
|---|-----------------|
| <br><i>Spindle</i>       | Steel<br>(St.3) |
| <br><i>Press bushing</i> | Steel<br>(St.3) |
| <br><i>Nut</i>           | Steel<br>(St.3) |
| <br><i>Union</i>        | Steel<br>(St.3) |
| <br><i>Union</i>       | Steel<br>(St.3) |
| <br><i>Housing</i>     | Steel<br>(St.3) |
