Today we had to finish our work on our presentations, and also we had one more visit to the Capella Medicea. It is a really outstanding place where a lot of members of Medici's family are entombed.

Then in the evening, we had the final part of our work – presentations. After that, we had a funny Pasta Party.

Pic.1. Capella Medicea from outside. It looks totally different comparing with its inner beauty. However, inside to take any pictures is forbidden.

Pic.2. TPU team: from left to right – with Mr. Simone Giometti, General Secretary of the Foundation, Olga M. Karpova, Russian organizer of the project, and successors of Romualdo del Bianco family.
