We visited Livorno (Leghorn) which is situated not far from Pisa but near the Ligurian sea. We spent all day on the shore.

Pic.1. Tamara Georgievna together with Lena and Svetlana Sergeevna in the background are going from the seashore to the bus station

Pic.2. Vladimir is giving us his «hand of help» to overcome the «underwater stones».

Pic.3. Aisulu walking along the shore looks like a mermaid of the deep-water of the Ligurian sea.

Pic.4. Julia has found a new home plant for herself that seems to be a giant aloe tree.
