properties of atmospheric aerosol:

- microphysical
- optical
- chemical

## The World Data Centre for Aerosols (WDCA)

# ***Task***

- Join into groups (2-3 persons)
- Visit web-pages of  
*World Meteorological Organization*  
*Global Atmosphere Watch*  
*The World Data Centre for Aerosols*
- Find and discuss in groups following information:
  - *Purposes of organization*
  - *Methods used to study aerosols*
  - *Types of networks*
  - *Some results of aerosol study*
- Set questions for other group. Then check their answers
