

APPROVED
Director of INDT

_____ V.N. Borikov
" ___ " _____ 2015

COURSE DESCRIPTION

1. Course name Professional Course in English: Operational Amplifier Circuits

2. Course code Б1.В4.2

3. Course of GEP 11.03.04 Electronics and nanoelectronics

4. Training profile (specialization, syllabus)
Industrial Electronics

5. Qualification (degree): Bachelor

6. Department in charge Industrial and Medical Electronics of Institute
of Non-Destructive Testing

7. Lecturer Ogorodnikov Dmitriy Nikolaevich
тел. 419-605 E-mail ogorodnikov@tpu.ru

9. 3. Learning outcomes of the Discipline

DR1 To communicate in professional sphere in a foreign language;

DR2 To solve professional tasks in a foreign language;

DR3 To present and to defend the results of engineering activity in a foreign language.

10. Course description

Introduction

Section 1. Modern Operational Amplifiers

Section 2. Application of Operational Amplifiers

11. Year 3 Semester 6 Number of credits 2

12. Prerequisites English language

13. Corequisites _____

14. Type of midterm assessment credit test

Author(s) D.N. Ogorodnikov
