Dear colleagues!

We cordially invite you to take part in the 5th International Congress on Energy Fluxes and Radiation Effects 2016 (EFRE2016) that will be held on October 2-7, 2016 in Tomsk, Russia.

The Congress unites three international conferences that are regularly held in Tomsk:

- 19th International Symposium on High-Current Electronics;
- 13th International Conference on Modification of Materials with Particle Beams and Plasma Flows;
- 17th International Conference on Radiation Physics and Chemistry of Condensed Matter.

The conferences cover a wide range of technical areas and aspects of modern pulsed power technologies, ion and electron beams, high-power microwaves, plasma and particle beam sources, material modification, pulsed power applications in chemistry, biology and medicine, physical and chemical non-linear processes in inorganic dielectrics exposed to particle and photon beams, and physical principles of radiation-related technologies.

The Congress will bring together specialists from different organizations and countries and will provide an excellent opportunity to the conference participants to share knowledge, make presentations and hold open discussions.

The official language of the Congress is English. We expect receiving from you abstracts (up to 300 characters, including spaces) and full papers (4-6 pages). All submitted works will be reviewed and evaluated for relevance, originality, technical quality and clarity. Accepted papers will be published in an international journal indexed by Scopus and Web of Science. The best works will be published in a high-impact factor journal.

Registration and submission of papers is done via EasyChair® conference management system. Please, go to Registration and Submission page for the instructions.

Important dates:
The abstracts are accepted until June 30, 2016.

Registration fees:
for students from Russia ₽2500 before June 30, ₽4000 after June 30.
for other participants from Russia ₽6000 before June 30, ₽8000 after June 30.
for participants from other countries €300 before June 30, €400 after June 30.

Publication fees:
₽6000 or €80 for 1 full paper.

For payment details, paper format and other information, please visit efre2016.com

The event is hosted by National Research Tomsk Polytechnic University, Institute of High Current Electronics SB RAS.

We are looking forward to seeing you soon!

EFRE-2016 Chairman

Alexey Yakovlev
