The requirements for the content and design of articles are posted on the website <https://jwt.su/journal/about>

**The round table “Building A World Together: the Dialogue of Cultures and Safety”** will be held in the form of management decision simulation. Its final goal is to create a large-scale picture of a house that symbolizes a world shared by all peoples and cultures, comfortable and safe for living together. The participants will be divided into creative groups. Each group will have to depict individual parts of the picture and tell what possible contribution their symbolic drawing will make to build a safe world: for example, doors

represent openness, hospitality and cordiality. At the end of the event, all the parts of the picture will be combined into an integral whole, and the teams will present their parts.

**Based on the results of the round table, all participants will receive certificates and diplomas in such nominations as “The Best Speaker”, “Creative Approach”, “For Active Participation in the Discussion”, etc.**

**To participate in the conference, you need to fill in the [form](#) until March 25, 2025**
