5. Initials and last name of the author. Title of the Article // Name of Symposium: Title of Collected Volume – City, 2003 (year). – Volume 1. – P (page). 226 – 228. (for scientific papers)

Arial 8, full alignment, interval 1, numbering:
numbering style: 1,2, 3 ...; text position: indent 0,63

Note!!!

- ✓ Bibliography is made in the alphabetic order according to the authors' names
- ✓ References within the paper in square brackets, specifying the number from the bibliography list. For example: [2].
- ✓ In Bibliography use only “dash”, not “hyphen”. Space is necessary between the “number” and “dash”!
- ✓ Do not include Reports in Scientific Research into Bibliography. References are allowed only on issued literature!
- ✓ Avoid abbreviation for Institutions, companies and for special terminology!
- ✓ Use Microsoft Word tools “Canvas” for inserting Figures and “Text Box” for signing Figures. There should be a reference to the Figure in the text of the Article! If there is only one Figure (or Table), do not give numbers to it! Figures and Table have numbers, in case there are several of them in the Article.

Page set up:

- Upper margin -30 mm, lower and left margin – 25 mm;
- Left margin – 30 mm

Tables are made in Word or Excel (**not in Photo Canvas**).

Figure and photo format - jpg, .tif resolution not less than 300 dpi. Figures should be distinct. Each Figure should have a title or sign. Each word in the Figure or Photo should be interpreted.

Formulas. All formula datas and parameters should be interpreted. Interpretation is made once when data or parameter is firstly meet. Mathematic formulas should be made **only** in MathType (Equation Editor), according to the followin parameters:

In “Size” option define the following parameters and mark with the tick “Apply-to-new”:

Plain – 9 pt	Small symbol – 75 %
Index – 80 %	User 1 – 75 %
Small index – 65 %	User 2 – 150 %
Symbol – 150 %	

Press “Apply” and “OK”.

Letters of Latin alphabet are written in *italics* (**with the exception of name initials and titles**) when they mark **mathematical function or chemical elements** (U_{np} , Φ_i , HO Al_2O_3 , $cos\alpha_i$, «BASF»). Vectors are marked with **bold italics**. Numbers are given only to the formulas which have references in the text.

E-mail your article to problems-of-geology@yandex.ru, title your mail according to the following format: number of scientific topic, author's surname and type of content (For example: 5_Ivanov_application form; or 5_Ivanov_article). The article should be signed both by the author and the scientific adviser and checked for plagiarism.

In case the article doesn't meet the following editorial requirements it will not be published!
