# Writing for Publication

Chris Sinclair  
April 2015

## Possible development of the course:

- 1 Writing groups
- 2 Writing Centre
- 3 On-line / blended course models
- 4 Need for future work to be supported by research

## Stark-Mayerring, D. (2014)

‘(Disciplinary) discourses and their specific genres do the knowledge work of the research cultures in which they have evolved: they regularize and regulate what can, must or must not be said, thought or acknowledged; what and whose knowledge or evidence counts ; which conversations to take up and how; how to work out and position one’s contribution (to) a given research culture.’

# Writing Centre
