Pro :

- 1) Native speaker
- 2) Many examples of synonymous series (verbs, nouns, etc)
- 3) Individual work under the text
- 4) Fast response during class from Chris by e-mail message

## Contra:

- 1) Summer break isn't best time for work.
- 2) We didn't discuss the section "literature references" in details.
- 3) Materials (presentations) were not shared (before/after class).
- 4) A lot of time was devoted to writing "Abstracts" but few main part.
- 5) Collaborative work under specific text is hard work.

My suggestions are

- 1) to work with reviews
- 2) to add (skype) tutorials
- 3) to divide class on small groups
